Brian F. Heinzl – Bio

Mr. Heinzl is a Geotechnical Project Manager for Gannett Fleming, Inc. in the Pittsburgh Pa. office. He is a graduate of the University of Pittsburgh, earning a Bachelor of Science degree in Civil Engineering in 1989. Mr. Heinzl holds a Professional Engineer's license in the Commonwealth of Pennsylvania. He has spent much of his 30-year professional career performing geotechnical investigations and designs for various clients throughout Western Pennsylvania. Over the last decade, his efforts have been focused on design and construction of landslide repairs throughout the Pittsburgh Area, assisting DOTs, other public agencies, and contractors with maintenance and improvement of the existing transportation infrastructure. Mr. Heinzl has collaborated on several technical papers and presentations resulting from his landslide stabilization experiences. Mr. Heinzl is an active member of ASCE and ESWP. He currently serves on the ASCE Pittsburgh Section Board of Directors as the Chairperson of the Educational Outreach Committee and is a past Chairperson of the ASCE Pittsburgh Section Geo-Institute. Gannett Fleming is a leader in global infrastructure solutions with a focus on planning, design, technology, and construction management services for a diverse array of markets and disciplines, with more than 60 offices and 2,500+ highly qualified professionals. You may contact Mr. Heinzl @ [bheinzl@gfnet.com](mailto:bheinzl@gfnet.com) or visit [gannettfleming.com](http://gannettfleming.com) to find out more about his firm and potential career opportunities.
