

Roy Painter (1974 - )

Roy Painter graduated with Schreyer Honors in 1998 with a B.S. Degree in Civil Engineering and a Minor Degree in Environmental Engineering from the Pennsylvania State University, State College, PA and then worked directly for the PennDOT District 12-0 Geotechnical Unit, Uniontown, PA. Since 2006 he has had the privilege to serve as their District Geotechnical Engineer. In addition to supporting multiple year 150+ million dollar District LET schedules, a lot of his efforts involved repairing landslides, mine subsidences, and working with emergency procedures. He found solace in Geotechnical references such as Psalm 46:1-3, Isaiah 45:18-19, and Matthew 7:24-27 after he found Life in Romans 8:31-39, 10:9-13, and Hebrews 7:25.
